CorrespondentTOKYO, Nov. 3.—Premier  
Prince Fumimaro Kono-  
ye of Japan today delivered a  
sharp warning to foreign  
powers to cease "victimiz-  
ing" China.The premier's declaration  
was broadcast as a supple-  
ment to a drastic announce-  
ment of Nipponese Asiatic  
policy in which the Tokyo  
government set forth a vir-  
tual economic and political  
"Monroe Doctrine" for the  
Far East.Kono declared that foreign  
powers should have a "clear understand-  
ing of the new situation unfolding  
in East Asia.""China," he asserted, "hitherto has  
been victimized by the imperialistic  
ambitions of other foreign powers."  
These ambitions, Kono declared  
in an obvious reference to western  
powers, "constantly menaced China's  
peace and independence."But he added:  
"Japan realizes the necessity of  
revising the situation fundamentally.  
Hereafter Japan desires that a  
new peace fabric, based on justice,  
should be established."To Aid Germany And Italy  
"Japan has no intention of reject-

or injuring their legitimate  
rights and interests in China."

by 468 prisoners in the Allegheny

George H. E. E. to commute the  
death sentence of William McKin-  
ley Blackwell, scheduled to die this

state's chief executive today.Blackwell, a Negro, was convicted  
of slaying Richard Parker, his  
rival for the affections of his  
common-law wife. Originally, he  
was sentenced to walk the last mile  
September 23, but Gov. E. E. inter-  
vened and granted a respite until  
November 7.Last night, his fellow prisoners  
gathered for the usual Wednesday  
evening services, knelt in prayer for  
their doomed companion, Warden  
John McNeil, who also signed the  
petition, said he had never before  
seen such a demonstration of faith  
during the 40 years he has been at  
the prison."We who know him," the peti-  
tion to the governor read, "who have  
seen and smoked with him for a

the base of mountains and winding  
up finally in the Allegheny river.The previous path by which it has  
traveled since the Indians hunted  
and fished along its banks, is being  
straightened out by man, a huge  
elbow around which it ran is being  
eliminated and to show his complete  
mastery over the tumbling currents  
of the creek, man is putting its  
course through a tunnel.Busy Place  
Just now the quiet little town of  
Tionesta looks like a vast pocket  
edition of Boulder dam. Huge trucks  
with three as high as an average  
man, dash madly along newly cut  
roads on the hill over the tunnel.  
Wooden shacks house engineers,  
field clerks, army engineers, a huge  
commissary building is there for  
feeding the men, and over the whole  
scene there is a bustle of excitement  
that will continue until the creek is  
put through the tunnel and the new  
flood prevention dam is built.Hard rock men are in from Min-  
nesota, New Mexico, Ohio and a  
half dozen other states. Hard-bitten  
engineers tramp around with transi-  
tors over their shoulders, and on the  
streets of Tionesta can be seen men  
whose work has carried them across  
half the world.Something Like Pymatuning Dam  
The new dam will be patterned  
something after the Pymatuning in  
that it will be an earthworks affair.  
At the base it will be 600 feet thick.

HYDE PARK, N. Y., Nov. 3.—  
President Roosevelt labored today  
on a speech of far-reaching politi-

over a rough draft of the appeal  
he will make tomorrow night to  
American voters to rally behind the

to New York voters to mark the

Republican resurgence—would am-

the nation his conviction that Dem-  
ocratic candidates everywhere  
should state clearly their views on

## Arthur Mometer

My former friend has quite a flock  
of turkeys, brooded and fat and  
mighty nice, all ready for the big  
event, providing you have got the  
price. They strut around, proud  
birds they are, they seem to sneer  
and leer and scorn, but wait a bit  
say several weeks and lots of heads  
will be cut off. And with some  
sage and spicy stuff, some bread and  
salt and other things those turkeys  
will be dressed up and started and  
rucked and all that sort of thing.  
And as I see them scorn the world  
I think of coming days at ten when  
they will be set down to eat, the  
weather still is sunny, once.PA NEW  
OBSERVESPa New notices that when the

game, he likes to walk down the  
main street, but where the bag is  
empty he usually comes in after dark  
and enters his home by the back  
door.Frugal housewives never let any-  
thing go to waste. Pa New knows of  
several who have used the pumpkins  
that illuminated Halloween in mak-  
ing pumpkin pies.Everybody likes to see the frisky  
little squirrels playing hide and seek  
among the fallen leaves and  
branches of our trees, but there are  
some north hill people who would  
like to see them bury nuts on some-  
body else's lawn. Some laws have  
been badly damaged but at that,  
you've got to give the squirrels credit  
for looking ahead.Hunting dogs, that have been tied  
up all summer, are now getting a  
chance to stretch their legs, and try  
out their noses on a rabbit trail. The  
dog's natural instinct is to hunt, and  
it's pretty hard to make him under-  
stand why he can't be at it all the  
time. What seems to be needed is the  
higher education for dogs.Lawrence county dairymen are  
getting a break these fine days. The  
grass is still growing and there is  
fairly good pasture, something un-  
usual at this time of year. Still, the  
cows do occasionally cast off a  
yearning look toward those big fat  
fats.After while, when the freezing  
weather comes, and there is no place

ing for an artificial ice pond, just  
as there was howling for swimming

## Ease

**CHEST COLD misery**

First massage throat, chest, and back with Vicks VapoRub at bed-time. It relieves the distress.

Then, to make its long-continued poultice-and-vapor action last even longer, spread a thick layer of VapoRub on the chest and cover with a warm cloth. This also gives the skin extra protection against chilling.

Long-acting restful sleep comes. VapoRub keeps on working—loosens phlegm, eases muscular soreness or tightness—clears air-passages—checks tendency to cough—relieves local congestion.

Often, by morning the worst of the cold is over.

## Dr. Maxwell Is Speaking Tonight

Epworth M. E. Home Com-  
ing Services This Week  
Are Well Attended

Because of the serious illness of Mrs. Homer Davis of Erie, Dr. C. G. Farr preached the sermon at last night's home coming service in Epworth M. E. church in place of Dr. Davis, who had been scheduled to speak.

Mrs. Davis suffered a heart attack on Tuesday night, and her husband, who was in Sharon, was called back to her bedside.

The Epworth home coming service of both Tuesday and Wednesday nights were well attended. Dr. Farr, a former pastor of Epworth, now retired, delivered excellent sermons, appropriate to the occasion.

Tonight the speaker will be Dr. Samuel L. Maxwell, of Oil City, another well known former Epworth minister. Friday night the home coming will be brought to a close with a sermon by Dr. J. A. Galbraith of Kane, who preceded Dr. H. A. McCurdy as pastor of the local church.

## Education Center In Union Township

Union High School Building and Athletic Fields

An aerial photograph gives an excellent view of the high school plant, the educational center of Union township, located on Scotland Lane. The view also shows the school athletic fields, with the football gridiron at the top of the picture, just back of the school.

To the left of the building and not entirely shown in the picture, is a fine baseball field. Around the football field is a regulation size track, a half surfaced and curbed with attractive brown stone.

The modern school facilities make possible a diversified activities program for the students in the township schools. The high school building is located on the outskirts of the city of New Castle in a strictly residential section on a plot of 4½ acres of land.

In the building is a large gymnasium and auditorium, 14 grade school rooms and 16 high school rooms. There is a modern and newly equipped science laboratory. An up-to-date cafeteria, serving nourishing food at a reasonable price to the students, is in the school. Five modern buses are used to transport students to and from school.

Jay G. Rudolph is supervising principal of all schools in the township. Allison A. Paulson is principal of the high school. John Arthur Turck is principal of the elementary schools.

The board of directors includes: Karl T. Rohrer, president; Stanley Augustine, vice president; John W. Shuler, W. L. Diamond, P. A. Pinkerton and H. W. Sontum, secretary. The educational curriculum of the

township includes courses in health and physical education, voice and instrumental music, commercial education, industrial arts, and academic subjects, including French and Latin.

A complete club activity program includes: Girl Reserves, Hi-Y clubs, both junior and senior; Aeronautics club, Biology club, Athletic club, Library club, and an organized teachers' council.

There are 32 teachers in the personnel of the township schools. Five efficient janitors take care of maintenance duties.

According to principal Rudolph, the aim of the township schools is to help the individual toward a way of life that will best promote his own well-being and happiness and the well-being and happiness of society.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be latent kidney disease. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney trouble that are now lurking in your blood. Get Doan's Pills.

## Marlene Dietrich Has Competitor

New Movie Actress Arrives In Hollywood To Present Some Opposition

By MILTON HARKER  
(Copyright, 1938)  
(International News Service)  
HOLLYWOOD, Nov. 3.—Possessor of legs as perfect as Marlene Dietrich's million-dollar underpinning, Betty Amann has arrived in town from Brooklyn, via Berlin, London, Paris, Warsaw and Vienna. Betty Amann is a newcomer to Hollywood, but she is anything but a novice to the screen. She has starred and co-starred in 25 pictures, all of them made across the Atlantic despite the fact she was born and bred an American. Her story had its beginning in the fall of 1929 when she was 17. She went to Germany for a two months' vacation. She stayed away eight years. Soon after she arrived abroad she happened to meet Eric Pommer, one of U.F.A.'s ace producers. He had been looking for weeks for a certain type of girl for the feminine lead in a new picture. He asked Betty if she would make a test before the camera. She did and she won the role. Soon afterwards she was given a three-year contract.

## How to Make Better Cough Syrup Than You Can Buy

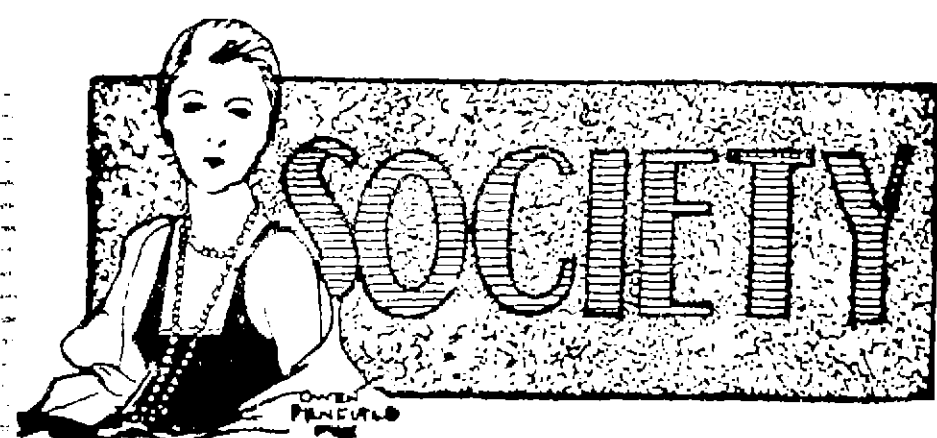

A Big Saving, and It's So Easy! No Cooking!

Cough medicines usually contain a large quantity of sugar syrup—a good ingredient, but one which you can easily make at home. Take 2 cups of granulated sugar and 1 cup of water, and stir a few moments until dissolved. No cooking! No trouble at all. Then get from your druggist 2½ ounces of Pinex, pour it into a pint bottle, and add your syrup. This gives you a full pint of truly wonderful medicine for coughs due to colds. It makes a real saving for you, because it gives

you about four times as much for your money. It lasts a long time, never spoils, and children love it. This is actually a surprisingly effective, quick-acting cough remedy. Instantly, you feel it taking hold. It loosens the phlegm, soothes the inflamed membranes and makes breathing easy. You've never seen anything better for prompt and pleasing results.

Pinex is a compound containing New-way Pine and palatable guaiacum, a concentrated form of a most reliable soothing agent for throat and bronchial membranes. Money refunded if it doesn't please you in every way.

## EXPLANATION OF PHOTOGRAPHS

1 Top  
Reproduction of Photo and statement which appeared in the Phila. Inquirer October 23, 1938.

2 Center  
Reproduction of same Photo and the statement which appeared in LIFE Magazine - Issue dated October 17, 1938.

3 Bottom  
Reproduction of an old souvenir Post Card - Original Picture taken in 1903.

Note: Identical picture as above.

Life was a battle for young James even in his early days. Though his father was foreman of the mine, he was strictly on his own, especially among his fellow workers. The busy breaker boy indicated by the arrow is little Arthur. The man with the stick is the boss, and woe betide any of the youngsters who failed to do his bit.

(The above statement is exactly as it appeared in the Philadelphia Inquirer)

The three pictures shown are identical. LIFE (center photo No. 2) says, "James is NOT in the photograph." Moe Annenberg's Phila. Inquirer (top photo No. 1) put an arrow in the same photograph and said it pointed to "Little Arthur."

The old post card (bottom photo No. 3) shows that the Colliery was in Shamokin, Northumberland County and not Luzerne County where James has always lived.

The boy in photo No. 1, to whom the arrow points, is NOT Arthur James, but is Assemblyman Joseph P. Bradley of Shamokin who exposed the "Bogus Breaker Boy." Bradley's statement follows:

"That picture was taken in 1903 in the screen room of the Bear Valley Colliery of the Philadelphia and Reading R.R."

I remember the picture. I remember the two boys in front of me. The one to the left is "Targy," from Bear Valley and Jerry Foley of Coal Township is working next to him. And I remember the shute boss "Hop" Benny who is standing in the picture.

I was 14 years old when the picture was taken. I worked there two years and I never heard of Arthur James. He never worked there, or even near there."

Is the man who would tolerate such faking worthy of the trust of the highest office in Pennsylvania?

On November 8 give your answer to this man who is trying to fool the voters of Pennsylvania.

# SEVENTH WARD NEWS

## Post Office Head Inspects Rural Routes Of Ward

## McBride Sees Need Of Painting And Repair Work Before Winter Arrives

After his regular inspection of the rural mail routes served by the Seventh Ward Branch Post Office, Edwin McBride, superintendent, comments that many of the boxes were not in the "best of shape."

According to McBride there are boxes along the routes that need painting, lettering and a general fixing up before the winter months arrive. McBride said that many boxes have no names what-so-ever on them. There is a postal regulation to the effect that names must be marked plainly on the boxes.

If this work is cared for now, it will make the delivery of mail easier during the winter and will speed up the work of the carrier thus getting the mail to the people much quicker, pointed out McBride.

## NEWS BRIEFS IN WARD DISTRICT

And still the line of cabooses, at the Pennsylvania Railroad shops in the Seventh Ward increases in number. Every week there is one or two additional cars added to the already large string.

Residents of South Cedar street should take more pride in the appearance of their street. All along the street is a line of old cars, broken glass and the like. A clean-up day for the district would be a fine idea.

Although the state motor code forbids the placing of any type of sticker on the windows of automobiles, motorists seem to think that political stickers do not come under this classification. Many automobiles are seen with such signs on the windshields and windows.

## AROUND CITY HALL

Two hundred and forty-four persons were arrested by city police during October according to a report compiled by Chief of police Ralph A. Criswell. The report will be given to council Thursday.

City Garbage Collector Edward Unbright reported today employees of the bureau during October gathered from streets the dead bodies of 60 dogs, 35 cats, three skunks, one squirrel and two rabbits.

**THIS MINISTER IS

GROVE CITY, Pa., Nov. 3.—When Dr. C. H. Prunty retired six years ago after 50 years of ministry in Erie conference of the Methodist Episcopal church, he made his home here. Now he's starting his 56th year as a minister, in charge of Methodist congregations at Waupaca and Newport.

Still, his holy zeal for high principles wouldn't prompt us to help the struggling European if we could see the profit he is after.

## Old Library Site Covered With Ashes

Under the supervision of Jack Brettle, superintendent of the city street department, workmen from that department have placed ashes on the old public library property, corner of Jefferson and North streets.

The city scraper was called out and used to spread the ashes over the site, making it level. Nothing definite regarding the property has as yet been announced, but it is likely that it will be used temporarily as a parking lot.

### Governor Davey In New Attack On John L. Lewis

COLUMBUS, O., Nov. 3.—Gov. Martin L. Davey added new fuel today to his long and bitter controversy with C.I.O. chairman John L. Lewis, declaring that "the surrender of Lewis at Middletown proves that he cannot operate when the state government stands for law and order."

The governor referred to the decision of the C.I.O. to end its strike at the P. Lorillard Tobacco Company plant in Middletown after Davey had sent 500 national guardsmen there to protect employees desiring to return to work.

### FREIGHTER SUNK IN NORTH SEA BY SPANISH SHELLS

British vessels in the vicinity and helmsmen sent out from shore. Three women and five children were among the passengers.

Whether the British government planned to take action regarding the attack, stated almost at this country's door-way, was not announced but it was believed no action was probable at least for the present.

Other cables, however, expressed the opinion that the interception of the Cantabria by the Nadir was purely a matter of "chance."

Taken ashore in a lifeboat, the Cantabria's commander, Manuel Arguillas, declared the attack was launched without warning. He said, "I noticed we were being followed."

### POLICE SQUAD DIGS FOR MORE BODIES

(Continued From Page One)

discovered a machine-gun lying on some clothing and the wall of the room had been pierced in several places by bullets. The floor was marked by bloodstains.

Immediately a police emergency squad, clad in dungarees and swinging picks and shovels, went to work on the basement. Authorities saw a possibility it might prove to be a veritable murder factory should the unearthed bones be those of human beings.

As a result of the discoveries several employees and persons engaged in playing pool at the hall at the time were rounded up for grilling. Authorities announced that a substantial part of the hall is owned by Dennis Gula, father of Demetrius.

### Hunt For Fried's Body

While District Attorney Thomas E. Dewey's office desires to press murder charges, detectives conceded the necessity of discovering some part of Fried's body to substantiate such a charge.

Unless the corpse delicti is found, New York may decide to permit Westchester county authorities put Sotodia and Gula on trial in White Plains for kidnapping Fried. This pair have been linked definitely with that "snatch" while Virga and Jack-

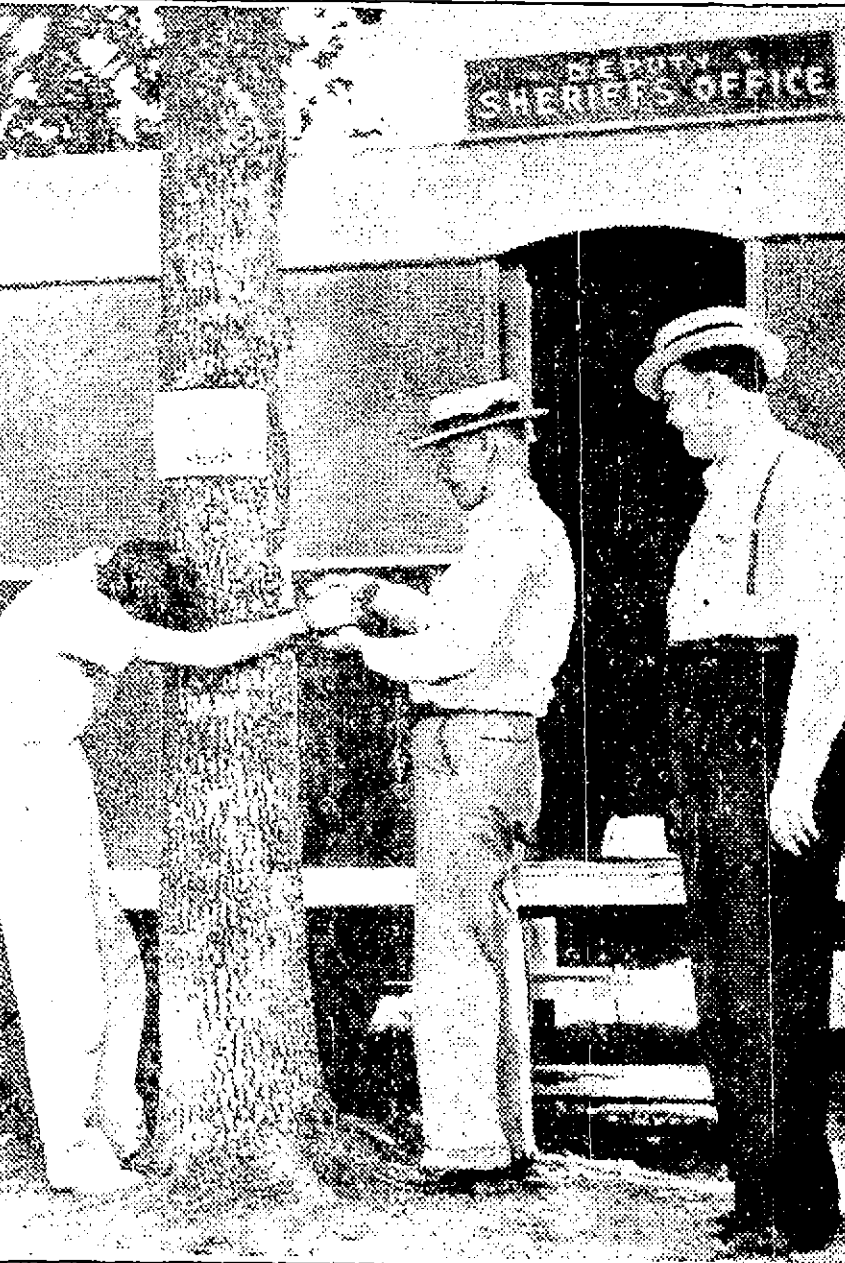

is are involved with them in the other two abductions, G-men claim.

The federal agents said all four had a finger in the kidnappings of Benjamin Farber, Brooklyn coal merchant, and Norman Miller, 18-year-old college student also of Brooklyn.

While being detained at the Ukrainian hall last July, awaiting payment of \$13,000 for his liberty, Miller said Sotodia boasted to him of one kidnapping a month—suggesting that other crimes still may be unknown and unsolved.

Miller said that when he told Sotodia, "you know what happens if they catch you," the confessed kidnapper replied, "Oh, I'm careful. One a month isn't bad is it?"

### No Jail—Tie Felons to Trees

### Asks Traffic Light At Beaver-North

J. Heinrich today appeared before city council and suggested that a traffic light be placed at North Beaver and West North street. Mr. Heinrich said traffic conditions are dangerous there. He said the services of a policeman during school terms at St. Mary's parochial school are good. However, that is the only time a policeman is stationed there, he said.

Mayor Charles E. McGrath said permission from the state would have to be obtained. The situation will be studied, the mayor said.

### TEAM REPORTS BOOST CHEST TOTAL TO \$55,083

(Continued From Page One)

Norman E. Clark, conducted today's report session. Robert A. Eckert, president of the Chest board of directors, spoke. A group of drive leaders also participated.

Three Days' Effort  
Today's report was the result of three days' industrious solicitation on the part of all the workers. Since Monday at noon, when the last returns were tabulated, the determined teams have been "in the field" seeking new and larger subscriptions.

Added to their "fruits" were the additional contributions of New Castle district industries and business firms.

The drive for \$63,200 began October 24 and has progressed in high gear without one hitch. The public has kept informed by the "feather thermometer" on the public square and an "honor roll" of 100-percent-subscribed firms and organizations has been appearing in The News.

Not once have leaders doubted that the \$63,200 would be raised—for that amount must be subscribed to meet the minimum operating expenses of the nine agencies which make up the Chest.

In The News last night was a direct challenge to the citizenry to "put the campaign over" and at Chest headquarters at 37 North Mercer street there was evidence today that the full-page appeal to the public was yielding results.

### Missing Youth Quickly Found By Newspapers

(BULLETIN)  
(International News Service)  
PHILADELPHIA, Nov. 3.—The mysterious disappearance of Sydney E. Martin, Jr., 20 year old University of Pennsylvania freshman and scion of one of Philadelphia's most prominent families, was cleared up today less than 12-hours after newspaper stories penetrated a six-week veil of secrecy.

The youth, a grandson of the late Caleb P. Fox, Philadelphia banker and financier, and son of a wealthy Philadelphia architect, was located at Richmond, Va., where he has a "steady job and is doing fine."

The boy, missing since he left a mid-city night club in the company of a "beautiful blond" last September 14, revealed his own whereabouts by communicating with his father by telephone after reading newspaper accounts of the extensive search for him.

## Wounds Girl Friend, Commits Suicide In Philadelphia Home

(International News Service)

PHILADELPHIA, Nov. 3.—Spurned by the girl he loved, 19-year-old James Devine ended a five-hour avowal of devotion Wednesday by whipping out a pistol and critically wounding Katrina Mackey, 17, before killing himself, police reported.

With the girl seeking to gain possession of the weapon, a brief scuffle preceded the shooting which occurred in Katrina's West Philadelphia home. Wounded in the chest, the girl may not recover, doctors said.

"When he asked me to marry him, I refused again," the girl was quoted by detectives as saying. "We argued about it. Finally, he said: 'Katrina, if you don't marry me I'm going to kill you and commit suicide.'"

"I didn't think he meant it until he suddenly pulled out the gun. There was a shot and the bullet struck me. Then he turned the pistol on himself."

Devine was an elevator operator.

## Bids Opened For New Battleships

United States Is Rushing Along Rearmament Program For Navy

(International News Service)

WASHINGTON, Nov. 3.—The United States rushed plans for its gigantic \$1,200,000,000 naval rearmament program, opening bids Wednesday on three new 35,000-ton battleships.

The low bid of \$49,640,000 was made by the Newport News Shipbuilding and Drydock Co., of Newport News, Va.

Other bids were: The Bethlehem Shipbuilding Corp., Quincy, Mass., \$52,145,000 and the New York Shipbuilding Corp., Camden, N. J., \$54,794,000.

Each concern bid on one battleship only, all to be completed within 32 months.

The bids signaled commencement of a battleship program far in excess of any warship construction since the World War.

# Crowd Of 150,000 Gathers For National Cornhusking Battle

## Experts To Make Attack On Record

Dell Rapids, S. D. Scene Of Notable Event In Western Farm Regions

## GUARDSMEN OUT TO AID SAFETY

(International News Service) — DELL RAPIDS, S. D., Nov. 3. — The "mad dog" of football fans awaited for the kickoff in a greater number than the crowd of 150,000 on hand here for the national cornhusking championship today.

Cloudy skies and a hint of rain failed to dampen the carnival gaiety at this No. 1 sporting event of the farm belt.

It looked like fantastic attempt to stage the Rose Bowl game, a world series and a state fair besides all at one and the same time in this fertile southeastern corner of South Dakota.

Farmers and their families from hundreds of miles around have jammed a not only this town but Sioux Falls as well, 20 miles to the south.

Guardsmen handle crowd. The national guard is on hand to handle the traffic and a 1,000-acre tract was needed for a parking space for the cars.

Drawing wider attention every year, the contest this season has 21 entrants from 11 states. Pennsylvania sending a representative for the first time.

Every one of the contestants are tops in their own districts and have qualified for the main event through a series of state competitions.

Facing perhaps the most grueling test of speed, stamina and skill in any event, the huskers have been trained to a hair's breadth for the 80-minute drive amid the waving cornstalks.

In practice yesterday they found the going good, but a heavy windstorm and driving rain last night boded no good for the footing when they took the field today.

Record To Stand. As a result, the present national mark of 41.25 bushels stands little chance of being broken, it was believed.

At record rate the huskers must rip the corn from the stalks, shuck the ears and beat a tattoo against the bankboards at better than half a bushel per minute. Old timers still shake their heads in awe over that feat of Elmer Carlson of Audubon, Ia., in 1935.

The best that has been done in state meets this year was 32.75 bushels rung up by Irving Bauman in winning the Illinois title on Monday.

Other states sending entries are Minnesota, Iowa, Missouri, South Dakota, Indiana, Kansas, Ohio, Nebraska and North Dakota.

The scores of concessionaries tents in the vicinity of J. N. Jensen's 1,300 acre tract where the meet is being held, gave the place the appearance of a boom mining town on a holiday. The starting gun is scheduled for noon.

"Mad Dog Loose In Europe, Must Have Fleet To Protect South America"

(International News Service)

NEW YORK, Nov. 3.—The United States needs a Navy today second to none for protection because there is a "mad dog" loose in Europe, Rear Admiral Clark H. Woodward stated at a dinner of the society of colonial wars.

"The mad dog may confine himself to Europe, but we have South America below us and we have the Monroe doctrine to enforce," stated Admiral Woodward, commander of the 3rd naval district. "If that mad dog gets loose and floats across the ocean, we ought to have a couple of six-inch guns for him."

## Federal Loans For Utilities Is Discussed

(International News Service) — WASHINGTON, Nov. 3.—President Roosevelt and Reconstruction Finance Corporation chairman Jesse Jones today canvassed the possibilities of federal loans to the nation's utilities to help them carry out the two-billion-dollar expansion program.

The vast program has been worked out between the government and the power industry with a view to strengthening the national defense. It was announced a few days ago that a billion dollars a year for the next two years would be expended.

Jones said today that the subject of loans had been approached in a general way at the White House conference. The RFC chairman said he had already talked to representatives of several power companies and has engagements with other utilities leaders later this week.

Given About 4000 Square Miles  
Of Czech Territory By  
Italy-Germany Decree

(International News Service)  
VIENNA, Nov. 3.—Europe's map-makers began anew today to "re-carve" dismembered Czechoslovakia as a result of the decision of Italy and Germany, as arbitrators, to grant Hungary most of the territorial and minority demands she leveled against the Prague regime.  
Under the second major Czech amputation since the Munich pact, Hungary added 860,000 persons to her population and a rich area of 4,000 square miles to her territory.  
A Budapest despatch to the official German news agency, D. N. R., in Berlin asserts that Hungary's gains by the Vienna settlement are 8,000 square miles of territory and a population of 1,640,000.  
German Foreign Minister Joachim Von Ribbentrop and Italian Foreign Minister Count Galeazzo Ciano decided that Hungarian troops will begin marching into Slovakia Saturday and complete the occupation by Tuesday.  
Polish desires for a common Hungarian-Polish frontier were rejected by the arbitrators.  
Many important towns were turned over to the Budapest regime, but Hungary failed to obtain the city of Pressburg, valuable Danube river commercial center.  
Hungarian troops will take over the ceded territories in five sections and Czech evacuation must be completed by Nov. 10. Actual delineation of the new frontiers will be undertaken by a Hungarian-Slovak committee operating in the affected territory.

A man is known by the company he keeps.  
I have asked Charles Alvin Jones if he approves of a governor of Pennsylvania secretly borrowing \$26,500 from contractors such as Matt McCloskey. NO ANSWER.  
I have asked Charles Alvin Jones if he approves of spending \$500,000 of your money and mine to protect public officials from investigation. NO ANSWER.  
Charles Alvin Jones is relatively unknown to the people and his refusal to declare himself on these issues is indefensible.

## The Human Side Of The News

(By EDWIN C. HILL)

The newest branch of medical science is "bibliotherapy," or book-therapy. The doctor looks you over carefully, plunks and plunks your intellectual and emotional reflexes, and deals you a prescription for what ails you—perhaps a morning pick-me-up of Hemingway or a bedtime sedative compounded mainly of Marcel Proust and Spengler. Dr. Gordon R. Kaufman, neurologist of the University of Minnesota, starts it off with a report to the New York congress of the American College of Surgeons. He finds that the wrong book may be disastrous at a critical turn of convalescence, and the right one may make you as fit as a quaterhorse.

Necessarily, perhaps, we more and more ignore the Biblical injunction about not taking thought for the morrow—what we shall eat, what we shall drink, wherewithal we shall be clothed. And now we are also concerned about what we shall read, with regard to its nurture of body and soul.

In the "shape of things to come," there is surely something like this: "Hello Joe! You're looking fine! Never saw you looking better. I thought they had you in for a long stretch in the hospital. How come?" "If you only knew what I've been through! But, you're right, I feel like I could swim the British Channel—a round trip at that. Old Doc Dewberry sure gave me the works. I wouldn't be here today if it wasn't for him."

"What'd he do for you?" "Well, it was like this. I'd been having those dizzy spells I told you about. And then I began to break out with a rash and every once in a while would start running a fever and my blood-pressure was up and down with my heart bucking like an old channel boat. They couldn't tell what was the matter and I became a celebrated case."

"Finally about fifteen doctors surrounded me at the hospital. They made a double row of injections on my right arm. Then they started feeding me this and that, the idea that when I ate what caused the trouble, the corresponding injection would blossom like a rose. They tried eggs and red meat and peanut butter and everything you think of. One old party had me smell some chicken feathers. He thought I might have some in the house and they might be making me sick. Nothing happened. None of these shots boiled up."

"Then they called in old Dewberry. He gave me another double row of injections on my left arm and then he brought in a lot of books and told me to read them. They were a lot of good murder mysteries, 'Anthony Adverse,' 'Gone With the Wind,' and I don't know what all. Again, no dice. Nothing happened."

"One day when all these docs were standing around, all done up in

gauze and linen smocks, old Dewberry puts on his rubber gloves and hands me a book called 'Dodsworth.' It was a good yarn, and I was enjoying it, when I saw the doctors were all closing in on me, all of them bug-eyed with excitement. Then they all set up a yell:

"He's allergic to Sinclair Lewis!" "And, by golly, Ed that was what was the matter. Injection No. 3 was puffing up like an old rum-nose. I have to take a shot of Harold Bell Wright three times a day after meals, as a tonic but as long as I lay off this Lewis stuff I'm alright."

More power to the doctors if they can help "people like little crying baby of a world" and I certainly hope they can. They know more of the interaction of body and soul than men have ever known before. But I can't help believing that our road to human felicity lies somehow in simplifying rather than complicating life. I am sure that any enlightened psychiatrist of today would impound the Elsie Dinsmore books in a clinical library, accessible only to the profession. But we of that generation of half-mad literati had to combat the menace of this dreadful little prig without benefit of doctors. We ducked Elsie and went in for happily extroverted chronicles of Jesse James, secret service agents, Black Bart, the pony express and what not. And that day had less need for psychiatrists than this one, hospital records show.

I counsel no brash laymen's judgment on "bibliotherapy." But I do believe we were in error when Freud was unfortunately dragged out of the clinic for vast public misunderstanding and distortion. Much of this soul-searching of today should be kept in its strictly clinical context.

We browse and experiment in gathering our physical and spiritual sustenance. It is the way of life. By living, we learn what's good for us—or bad. I do not think that even "bibliotherapy" will change that.

We browse and experiment in gathering our physical and spiritual sustenance. It is the way of life. By living, we learn what's good for us—or bad. I do not think that even "bibliotherapy" will change that.

More power to the doctors if they can help "people like little crying baby of a world" and I certainly hope they can. They know more of the interaction of body and soul than men have ever known before. But I can't help believing that our road to human felicity lies somehow in simplifying rather than complicating life. I am sure that any enlightened psychiatrist of today would impound the Elsie Dinsmore books in a clinical library, accessible only to the profession. But we of that generation of half-mad literati had to combat the menace of this dreadful little prig without benefit of doctors. We ducked Elsie and went in for happily extroverted chronicles of Jesse James, secret service agents, Black Bart, the pony express and what not. And that day had less need for psychiatrists than this one, hospital records show.

### DE LUXE FORD V-8 FORDOR SEDAN

# Announcing the NEW FORD V-8 CARS for 1939

GREATER VALUE for every motorist has been built into the two new Ford V-8 cars for 1939. They further express the forward-looking policy of the Ford Motor Company—traditional Ford dependability and economy plus progressive engineering.

Each car is distinctive in design, yet each has something of the fine streamlining of the Lincoln-Zephyr—recognized style leader for the industry. Interior appointments are in keeping with outward beauty. Every detail is styled for good taste and good service.

Both are big, roomy cars, equipped with hydraulic brakes and powered with the V-8 engine that gives you so much extra smoothness. This year the quiet performance of the

V-8 engine has been matched by the new quiet built into every part of the car.

The 1939 Ford cars bring you greater riding ease on every road. New seat construction, flexible transverse springs, and big hydraulic shock absorbers provide triple-cushioned riding comfort.

Both 1939 Ford cars are Ford-priced for greater dollar value. Both bring new meaning to the Ford phrase, "The Quality Car in the Low-price Field."

HUNTING FOR A HOLE—Bernie Jefferson, Northwestern's Negro halfback, seeks a gap. Blockers help make one.

### Expect Strong City Basketball Loop This Year

Indications Point To Fast Circuit With Eight Strong Teams

#### FRANKLYN R. CRISCI IS LEAGUE LEADER

New Castle is looking forward to many fine basketball games this winter in the City Basketball League at the Arena floor. There are eight teams in the league created by Frank Crisci, at a meeting held at the "Y."

The lineups of all of the teams will contain former New Castle high stars, such as Tom Carey, Mumford, Dutkan, Carik, Kulich, Wambio, Ryzinski, Koscila, Snick and others.

**Gersons Team Story**  
The Gersons, the city-county champs last year, will be in the league and will no doubt make things tough for the other teams, according to Mr. Crisci. Manager Walter Perch of the Gersons is looking for some new material.

Another team that will be watching is the N. Y. A. team, coached by John Rubels, and with such stars as Harry Toscano, Deep, Lowell, Nickie Ross and others.

**Will Draw Schedule**  
Practice for the various teams will start shortly at the Arena, and it is hoped that the league can open around the latter part of November or the first week in December.

Johnny Uram, a former New Castle high star in football and basketball, will draw up the schedule it was announced.

Games will be played on Tuesday nights, Saturday nights and Sunday afternoons, according to present schedule.

A handsome trophy cup will be secured for the champions of the league. It is planned to play a split schedule, the winner of the first half to meet the winner of the second half.

**Meeting Is Called**  
President Crisci today called for a meeting of the managers of the City Basketball League for the "Y" at 8 o'clock next Tuesday night, and at which time a schedule will be drawn up for the opening games of the season.

### Keystones Will Meet Thursday

There will be an important meeting of the Keystone A. C. football team at Rotary field at 4:30 o'clock Thursday afternoon. It was announced by Coach Tobe Fenati today, and by Business Manager Rocco Viggiano.

All members of the team as follows should be on hand without fail: Louis Leonard, Casimir, W. Gociano, B. Gociano, Sovsky, Madjeski, Homer Gray, Carter, Hammock, Gordy Marks, Lundy, Aven, Pety Zingaro, W. Shook, J. Regna, Kirkwood, R. Shook.

The Keys are quite interested in winning the city football championship this year and will try hard to upset the Bears in the final game of the year.

Communism and Fascism condemn themselves, for both admit they can't survive without destroying religion.

### Charity Grid Game Planned

Would Donate Proceeds Of Game To Community Chest Fund

It has been suggested that the Wabash Bears and Keystone A. C. football teams, battling for the city football championship, play a charity game for the benefit of the Community Chest fund.

The suggestion was made that the game be played at Taggart Stadium either on Friday night November 11, Armistice Day, or Saturday afternoon November 12th.

Franklyn R. Crisci, president of the grid league and Community Chest Director Conn are conferring over the idea of the game and have made overtures to the school board for the use of Taggart stadium.

Both teams have a large following. Last Sunday at the E. & A. field in Mahoningtown, the crowd was estimated at close to 4,000 fans. At 25 cents a ticket, a tidy sum could be realized.

### Titans Prepare For Edinboro

Westminster Team Expects Hard Battle Against Red Raiders

**WILL PLAY GAME ON SATURDAY AFTERNOON**

**(Special To The News)**  
NEW WILMINGTON, Pa., Nov. 3.—For the first time in recent years Westminster's Titans will expect a tough game when they travel to Edinboro to meet the Red Raiders Saturday.

Reaching a new seasonal low in offensive football, Coach Grover Washburn's eleven has scored only one touchdown in five games, a six-pointer contributed by Halfback Harold Pfau, of Springfield, O., in the California Teacher tilt.

Failure to find a shifty left halfback has hampered the Titan running attack, and the Blue and White's sole offensive thrust has been a hard-hitting line smash by Westminster's fullback.

Westminster's probable starting lineup will be a close repetition of the names answering last week's whistle, a line which listed Miller and Frisch at ends, Mamula and DePaulis at the tackles, Ruffe and Youkers at guards, and Throop at center, and a backfield of Black, Valicenti, Shoup and Edwards.

Rolling up 45-0 and 33-13 wins in 1935 and 1936, the Titans shook off a 7-7 half-time draw last year to score 21 markers in the final half to rain a 28-7 decision.

### Church League To Meet On Thursday

There will be another meeting of the New Castle Church Basketball league managers at the "Y" on Thursday night, at 7:30 o'clock, it was announced by Henry MacNicholas, assistant general secretary, today. All managers should attend the meeting without fail.

Time for practice sessions for next week will be given out. There are only 12 franchises in the league open and the first 12 teams that get their contracts and organization into the league hands of Mr. MacNicholas will get the berths. There are about 15 teams that are desirous of entering the league however, and they must show a little more interest or be left in the lurch.

### Rubin And Wills In Last Battle

Light-Heavyweights Expected To Stage Good Bout Monday

#### BLACKIE FERARR TO MEET CLARK

When Mickie Rubin of this city and Owen Wills of Pittsburgh meet in the grand finale of an eight-fight program Monday night in The Arena it is likely to be crammed with punches.

Rubin has yet to stage a drab performance and in his recent bouts has stopped his man. According to reports from Pittsburgh, Wills is said to be a good amateur light-heavyweight.

Rubin's last defeat was suffered at the hands of Shelton Bell of Youngstown who now is in college. His most recent victory was scored over Joe Poposki of Meadville.

There was a time when attaches of the Jefferson A. C. considered shunning Rubin from fistie cards here. This was because he did not pay sufficient attention to training.

Following his defeat at the hands of Shelton Bell, Rubin decided to train faithfully and since then he has not lost a bout. He hopes to turn in another victory Monday night.

Owen Wills took his name after Harry Wills of Black Panther fame. He is a colored lad, is reported to possess a good sock and has assimilative qualities, his trainer reports.

**Long To Appear**  
Armand Covelli, of this city, will oppose Earl Tipton, of Pittsburgh, at 145 pounds. It will be Tipton's first visit here. Armand, a southpaw, has defeated George Masters, Wesley Rodgers, Harry Montgomery and Joe Bendicks.

Mike Kabias, of Niles, will take on Tom Dalrymple, of Salem, at 150 pounds. It will be Dalrymple's first visit here. Mike fought Johnny Como here. He captured the first round but Como outboxed Kabias in the last two sessions to win the decision.

George Long, conqueror of Jess Robinson, brother of Smokey, will come from Niles to take on Tony Plaggi, of Salem. Plaggi has not fought here before.

Blackie Ferrar, of this city, will meet Frankie Clark, of Bessemer. Blackie knocked out Jack Blackburn, of Cleveland, at 130 pounds, in the second round of their bout. Ferrar, for a first-timer, showed he could move around and deliver a stiff punch.

Jack Sover, of Niles, will oppose Wolbur West, of Salem. Sover shot a right and left to the jaw that knocked out Mike Latel, of Greensburg, in the third round of the only bout Sover had here. He turned the trick after losing the first two rounds.

Other bouts are in the making and it is anticipated that the usual Monday night excitement will prevail as soon as the first bell rings. The Jefferson A. C. has staged some good amateur programs and another is anticipated Monday.

### Louis And Lewis Bout Arranged

First Time In History Of Boxing Two Colored Fighters In Title Go

#### PITTSBURGH BOY SPOTTING WEIGHT

**By HYPE IGOE**  
International News Service Sports Writer

NEW YORK, Nov. 3.—Joe Louis, heavy weight champion of the world, today will sign for a title bout with John Henry Lewis, the Pittsburgh negro who ruled the light heavyweight roost. They will battle fifteen rounds in the Garden on Jan. 27.

Terms for the fight between the two negroes have been agreed on. John Roxborough talked for Louis while Gus Greenlee represented the challenger in the discussions before Promoter Mike Jacobs.

First Since Schmeling  
Louis has been in town several days, coming here to attend the postponed Armstrong-Garcia bout. Lewis arrives today from his home in Pittsburgh.

The bout will mark Louis' first appearance since he subdued Max Schmeling last June 22. His challenger has been more active. Only last week he polished off Al Gainer in New Haven.

John Henry is conceded a good chance of lifting Louis' crown, not by a knockout, however. Boxing experts feel that the wily Pittsburgher, a veteran of the ring, may outbox Joe. It will be the first time in modern boxing history that two colored warriors have fought for the world heavyweight championship.

**GOOD CROP RECORD**  
LINESVILLE, Pa., Nov. 3.—Arthur Porter has just harvested 3,500 bushels of potatoes from 12 acres. The Porters are husking corn, with the hope of harvesting 1,500 bushels of ear corn from 15 acres.

### Monessen To Bring Strong Team Here

Monessen Grey Hounds Hope To Take First Of Series With New Castle

Will Be Fifth Class AA Game For Locals, Kick-off Friday at 8 P. M.

**MONESSEN HIGH** Grey Hound football team will be here Friday night under the maza stadium for a meeting with the "Red Hurricane" of New Castle high. The kick-off will take place at 8 o'clock.

This is the first time that New Castle and Monessen have clashed on the gridiron for over 20 years at least and the valley boys are anxious to make a creditable showing against the New Castle "Canes". It will be the fifth class AA battle of the year for the locals.

**Two-Year Contract.**  
Faculty Manager Scots Nelson announced that it was a two-year contract, which means that New Castle will be down at Monessen next year for a return game.

Head Coach Phil Bridenbaugh will have his first team in the pink Friday night, except for Joe Gendler, and this fine youngster who performed so creditably at halfback, will be out for the rest of the season, is the indication.

Eddie Sowinski and Larry "Streak" Roberts will probably take care of the halfback posts tomorrow night, with either DeMarco or Chuck Ciarella at the quarterback spot and with Lindy Lauro at fullback.

**Ticket Sale Brisk.**  
The line will have Phillips and Moskato at the ends, Kulnik and Rubels at the tackles, Custrucci and Rucker at the guards and Adamo at center. It was announced.

There has been quite a brisk ticket sale for the Monessen game and indications point to a big crowd in event of good weather.

The gates will open at 7 o'clock and the kickoff is slated for 8 o'clock.

### Rambling Around World Of Sports

It was the day after Memorial Day, back in 1894. The somewhat flimsy sports pages told the sporting world about one of the most unusual feats in the history of baseball. The day before, in Boston, a mustached New Castle athlete of 25, playing for Boston Nationals, clubbed four pellets out of the lot and a single—17-base hits in one game.

Yesterday, some 44 years later, it was our pleasure to meet the gent who posted a feat that even Babe Ruth was unable to accomplish. Bobby "Link" Lowe, one of the greatest second basemen of all time, during a brief visit here, stepped in to visit Fred L. Rantz, president of The News. Rantz and Lowe, boyhood chums, whiled away the time talking about the New Castle of several decades back until we popped into the picture and fired a barrage of questions at the sprightly 69-year-old former major leaguer.

Despite his age, Lowe is surprisingly agile. We persuaded him to tell us about that memorable day and he did so in a modest manner. "It was one of those days when I was on. I smashed the apple on the nose and away it went, that's all." Boston was playing Cincinnati, and, naturally, Boston won, 12-4. Two of the four-players were registered in one inning. During the afternoon Lowe socked the pellet for a total of 17-base hits. The four-homers in one game feat has been duplicated but three times in all these years, by Ed Delahanty in 1896, Columbia Lou Gehrig in 1932 and by Chuck Kline two years ago.

Lowe's mark is even more remarkable, for the former local resident popped out the round trippers when the major league parks were larger than nowadays and the ball was dead than the ones used now.

Without doubt, Lowe ranks as one of the greatest of 'em all. Among other things, Lowe is one of the few big leaguers to score six runs in one game, blast out six hits in a setto, score 156 runs during a season, pile out over 300 hits in a season and bat over 300 for five years. In addition, he led the home run pack one year, blinding this was all done way back when baseball was considered a much tougher game, due to the size of parks and the dead ball. When "Link" hung up his "monkey suit," he finished up with a life time batting average of close to .300. We learned about most of Lowe's feats through his wife, the former Miss Hattie Hughes.

Lowe's rise to one of the highest posts in the annals of the national pastime is worth a few paragraphs. Born in Pittsburgh, the athlete spent most of his life in New Castle. As a youngster, he was a "printer's devil" on the New Castle Current, a weekly sheet. At 16, Lowe started

playing baseball and displayed remarkable ability. He became a member of the Archie Reeds nine, a club sponsored by Mr. Reeds, who maintained a cigar store on what is now the diamond. The team performed on Nesheonock field. Lowe gained a district wide reputation and was set for higher company.

Came 1887 and Lowe got his baseball break, joining the Eau Claire team of Wisconsin. Two years later he was sold to Milwaukee. He continued playing spectacularly, and was purchased by the Boston Nationals in 1890. It was during his playing days with the Boston club that he set up the home run mark.

In the spring of 1902, he became a Chicago Cub player, serving as captain for two years. In 1904 Detroit grabbed him. He remained in the motor city as a player for four years. He called it quits as a player in '07 and managed Grand Rapids, Mich., for a year. In 1909 he returned to the Detroit club, this time as a scout, remaining there until 1915.

During his scouting days he was called on to watch John Honus Wagner in action. In '09, Pittsburgh and Detroit were to battle for the world series pot. When he reported back to camp, Lowe was asked to report Wagner's shortcomings. His report went something like this. "If this Wagner has any weaknesses he didn't show them while I was looking."

About the changes in baseball during all these years, Lowe said: "The biggest thing is the ball which is more lively than when I played and the parks which are smaller today, accounting for the vast number of home runs you see today. The lively ball has also eliminated the stolen base and has taken away some of the scientific part of the game. Today's ball also handicaps the pitchers. Aside from that, the game is much the same as when I played."

Without hesitating, Lowe named his roommate and close friend, "Ty" Cobb, as the greatest ball player of all time. He also paid a tribute to This Speaker and a number of younger stars of today. Lowe played second base and batted right handed. Lowe is now a resident of Detroit. He has been visiting with Mr. and Mrs. John Hughes, 515 Laurel boulevard.

**TRIPLE FALL**  
TOLEDO, O.—Three firemen here were victims of a triple fall at a \$50,000 fire. Firemen Casper Kujawa started it when he was knocked off a roof by a falling hose line. He fell 20 feet to an adjoining roof. When he landed he hit Stephen Tyburski, who, in turn fell 15 feet off his ladder and landed on Robert Fitzjohn. None of the three was injured seriously.

# EVEN A HEARTY MEAL NEVER SENDS HER RACING FOR SODA

"Every mouthful of food is re-lished now with never a sign of gas, cramps, sourness, acid risings or other troubles due to excess stomach acids," says Mrs. Vanda Bernardini of 2716 Brandes St., Erie, Pa.

"Sometimes I had a huge appetite, then it would desert me and, strange as it seems, when I ate less was the result. I suffered most from the gas, bloating, and lump in my throat and I'd have to race for a dose of soda to get relief."

"I began taking Vendol and the little Vendol laxative tablets and this treatment gave gratifying relief from constipation and neutralized the excess stomach acids, then my relief was astonishing."

"Now, I have a splendid appetite yet nothing disagrees with me and I never race for soda after eating. My nerves settled down so that my sleep is restful and I just feel grand and never miss a chance to advise a friend to take Vendol."

## HOW 25 WOMEN LOST UGLY FAT In Special N. Y. Test

Ask Your Doctor If It Isn't Good Way. Read EVERY Word

NEW YORK, N. Y.—In a test by a prominent N. Y. physician and nationally known newspaper woman 25 women lost a total of 286 lbs. in 40 days. YOU, too, can follow this SAME, SENSIBLE plan right at home and lose it in 30 days.

First of all, go light on fatty meats and sweets. Eat plentifully of lean meats, fish, fowl, fresh fruits and vegetables. And for proper functioning—take a half teaspoonful of Kruschen Salts in hot water every morning. DON'T MISS A MORNING!

And this is important! Kruschen is NOT harmful. It is not just one salt as some people erroneously believe. Rather it's a blend of 6 active mineral salts, formula right on box which when dissolved in water make a beautiful mineral drink similar to famous European Spa waters where wealthy fat women have gone for years. A jar of Kruschen costs only a few cents and makes 5 gallons of a most highly efficient mineral drink.

So far ladies, get some Kruschen! MAKE UP YOUR MIND YOU'LL STICK to the above Plan for 23 days, and just see if you don't lose fat and feel healthier and younger. Kruschen, You'll get Kruschen at Eber's Drug Store and druggists everywhere.
